Dear Sir:

In response to the Office Action, dated August 6, 2001, please consider the following remarks.

Attached hereto, as requested by the Examiner, is the corrected sequence listing for the above patent application, revised to comply with 37 CFR 1.821(2)(c) and 1.824(d). A computer-readable diskette, which contains the sequence listing in ASCII format is also enclosed, along with a written sequence listing which is identical to the electronic sequence listing. These sequence listings correspond to the sequence listings contained in the above-cited application and as such, no new matter is introduced as a result of these corrections.

Respectfully submitted,

ROBERT L. GENDRON AND  
HELENE PARADIS.
